STATE BOARD OF EDUCATION

The State Board of Education is composed of eleven members including the governor, the state superintendent of public instruction and the attorney general as ex-officio members. The governor appoints, by and with the consent of the senate, the remaining eight members. These appointments must provide for equal representation between the first and second congressional districts and not more than four members may be from the same political party or organization. The term of office for the appointed members is eight years.

Acting on the recommendation of the state superintendent, the Board establishes standards for the accreditation of elementary and secondary schools, and rules and regulations for the issuance of teachers' certificates as prescribed by law. The control and supervision of the University of Montana, of the Bureau of Vocational Rehabilitation, and of Montana custodial institutions concerned with the education and welfare of youth are vested in this Board. In addition, the Board approves certain scholarships provided for by law and serves as the State Board of Vocational Education.

PUBLIC ELEMENTARY AND SECONDARY SCHOOLS

Montana school districts are classified according to population as first, second or third class districts.

A first class district has a population of 8,000 persons or more, and is administered by a superintendent under the direction of a seven member board of school trustees.

A second class district has a population from 1,000 to 8,000 persons and is administered by a superintendent under the direction of a five member board of school trustees.

A third class district has a population of less than 1,000 persons and is administered by a board of school trustees consisting of three members. A third class district with more than one teacher may employ either a superintendent or principal, or both.

With the exception of 12 schools which are included under city superintendents in the alphabetical listing, the two and three teacher schools are listed by county on pages 38-42 of this directory.

One-room rural schools number approximately eight hundred with an enrollment of approximately 8,750 and are not listed in the directory, with the exception of six listed under city superintendents. However, the number of such schools in each county is indicated following the county name under, "Additional Rural Schools." Information regarding these schools may be obtained from the county superintendent or the State Department of Public Instruction.

In addition to these districts, Montana has sixteen county high schools. The county high school is administered by a principal under the direction of a county high school board. This board consists of seven members; the county superintendent and six persons appointed by the county commissioners.

The county high schools were established on a county basis when the population and taxable valuation were low. The establishment of additional county high schools is no longer authorized by law. A list of the county high schools will be found on pages 43 and 44.

CERTIFICATION

Classes

The State Superintednent of Public Instruction may issue the following classes of certificates in accordance with the rules and regulations of the State Board of Education:

1. Elementary School certificates
2. Secondary school certificates
3. Junior college certificates
4. Administrative and Supervisory certificates
5. Vocational certificates
6. Emergency certificates

Duration and Renewal

1. Two-year certificates

This initial certificate is issued to an applicant holding a two-year diploma or bachelor's degree in elementary or secondary school preparation.

2. Five-year certificate

This certificate is issued to the holder of a two-year certificate who has completed at least one year of successful teaching in Montana. Subsequent five-year certificates are issued upon the presentation of additional credits as follows:

a. A five-year certificate based on the two-year diploma in education is renewable with thirty-six q. h., or upon the completion of a bachelor's degree.

b. A five-year certificate based on the bachelor's degree is renewable with eight q. h.

c. A five-year certificate based on a master's degree, or one year of equivalent graduate work in professional education or a teaching field, is renewable upon continued satisfactory teaching.

d. A lapsed five-year certificate is renewable with 8 q. h.

3. State certificate (six-year)

State certificates issued before July, 1949, are renewable with eight q. h. The five-year certificate replaces this certificate.

4. Emergency certificates

Emergency certificates are issued, according to rules and regulations established by the State Board of Education, when regularly certified teachers cannot be secured. This certificate is valid for one year only, and is not issued unless accompanied by a recommendation from the County Superintendent of Schools in the county where the emergency teacher is to teach.

Emergency certificates can be renewed upon evidence of successful teaching and presentation of a required number of additional credits.

Fees

1. Registration fee. A registration fee of $2.00 is charged for any **initial** Montana certificate in addition to the specific certificate fee.

2. Certificate fee. For the issuance and the renewal of a certificate to teach, a charge is made of $1.00 per year for each year the certificate is in force (e.g. the fee

for the initial two-year certificate is $2.00, plus the $2.00 registration fee, making a total of $4.00; since the five-year certificate is not the initial certificate, the total fee is $5.00).

Application

Applications for certificates should be directed to Director of Certification, Department of Public Instruction, State Capitol, Helena, Montana. Application blanks may be secured from any county superintendent of schools. In addition to completing the application blank, request official transcripts be forwarded to the Department of Public Instruction.

Out-of-state applicants should write to the State Department of Public Instruction at Helena in regard to certification status before signing contracts to teach in Montana.

Registration

According to law, "All certificates before they shall be valid in any county must be registered in the office of the county superintendent of schools of such county within ten (10) days after the term of service of any teacher begin. Not more than ten (10) days' salary shall be paid any teacher for services rendered previous to the registration of such certificate."
